Application

Active foam for the degreasing action of food surfaces, combining in a natural product the power of enzymes with the efficiency of renewable raw materials of vegetal origin.

- Recommended for surfaces (kitchen, work tables, desks, etc).
- Specially adapted for the recuperation of anti-slip or porous floors.
- Eliminates and transforms all organic residues.

**Formulation in accordance with the European Ecological Label :
ECOLABEL**

Formulation	Easily biodegradable
Packaging	Recyclable and compact
Essential oils	100 % natural

Use

Collective kitchen in schools, hospital, old people homes, ...

**Dosage
Instructions**

Formulation ready to use, recommended to apply with a spray.

Fill the spray ; spray the solution on the surface to be cleaned ; let it in contact a few minutes ; rinse it with a humid sponge and dry with a dry and clean rag.

Advantages

- Cleaning performance increased.
- Deep cleaning thanks to the action of enzymes.
- Non-aggressive for the user, or for the equipment.
- Prevents the blocking of pipes through the continue action of enzymes.
- Reduced impact on the environment.
- Limited risk for human health.

**Active
Matters**

Enzymes	<5 %
Non-ionic surfactants	<5 %
Essential oils	citrus
